

KS2 Praise Assembly 03.10.19

5M — Grace Smith

Grace has been given this award for her creativity across the curriculum. During all of our assemblies, Grace sings with enthusiasm and positivity, this has set a great example for other children, especially when practising for the Harvest assembly.

5M are learning to play the guitar and Grace is a real natural. She listens well to the instructions and then helps others to play their instrument.

In art lessons, Grace always tries something new and isn't afraid to start again if she isn't happy with her final piece of work. She recently chose to use paint to create a portrait of Catherine of Aragon. She worked meticulously to create the best colours and to add details.

Keep up the hard work, Grace!
