

KS2 Praise Assembly 17.10.2019

4S Flora

Flora always works hard and tries to produce work to the best of her ability. She often shows many of our skills to life and while we have been filling in our skills to life sticker charts, the other children in the class have also noticed Flora displaying these skills. She is particularly caring and kind and could get her sociable sticker every week for helping other children. I have been particularly impressed with Flora's reading. This term she has reached the reading party in class every week and passed all of the quizzes that she has taken. She has also shown good skill in our comprehension lessons this week, using inference to understand the text. It's lovely to see her enthusiasm for reading. Keep it up Flora.
