

Tuesday 30th July 2020

Dear parents and carers,

Summer Holiday Programme

We appreciate that many parents have been very busy for the last few months supporting children with their learning at home using the power points and home-learning activities that have been provided by our teachers. We are now looking at how we can provide some support for your child to complete while they are at home over the summer holiday. This is likely to consist of a range of reading, writing and maths activities, appropriate to your child's age.

To enable us to plan accordingly, could you please [click here](#) to complete the survey by Friday 3rd July if you think you would like to take part in this programme. This will help us to organise the right materials. There will still be links on the curriculum area of our website to other activities that children can access online.

Yours sincerely

A handwritten signature in black ink that reads 'P. Anderson'.
