

Explore music and movement

- Create your own dance to a piece of music.
- Make a toy drum using an old saucepan and wooden spoon and listen to different sounds.
- Sing different nursery rhymes for example fast one and slow one.

Maths Opportunities

- Play and build with block and count how high your tower is.
- Make a car track and see who's car goes the furthest.
- Tip and pour from one container to another in water play.

Get outdoors

- Enjoy some muddy puddle splashing.
- Create a picture using chalk and watch it disappear with some water as you wash it away.
- Help an adult plant some flowers and help care for them and watch them grow.

Get creative

- Make a picture and give to a love one and a lovely thought of the week and make someone smile.
- Draw a picture in chalk and paint over with water paint to show your picture.
- Put on a puppet show with your teddies.
