

Street Detectives

If you need to speak to your child's teacher, please make contact via the year group email.

year2@westfield.staffs.sch.uk

Class teachers

Hazel Class

Mrs Chafer and
Miss Davies

Larch Class

Miss Taylor

Please send your child in the appropriate kit for PE and Forest School Days.

PE - every Monday and Wednesday.

Forest School - every Tuesday.

Library - every Thursday.

MATHEMATICS

- Make patterns with 2D and 3D shapes.
- Identify lines of symmetry.
- Count the faces, edges and vertices of 3D shapes.
- Recognise $\frac{1}{4}$, $\frac{1}{3}$, $\frac{1}{2}$ and $\frac{3}{4}$ fractions.
- Measure length in centimetres and metres.
- Compare the lengths of measured objects.

ENGLISH

Class reader: *Well Done Secret Seven* by Enid Blyton

- Write an adventure story using a range of vocabulary to develop the plot and build suspense
- Use the past tense to write a recount of our walk to Wombourne village, describing what we saw in the correct order
- Create a leaflet promoting Wombourne as a great place to live or visit, choosing words carefully to persuade the reader

- In Year 2, children will continue with their home reading scheme. Children are encouraged to read for at least 10 minutes a day at home and should bring in their books to change as regularly as possible. Remember to ask your child questions to check for their understanding.
- You can access additional reading books on the Oxford Owl and MyOn websites.
- We will also continue to use the library each week and children will have an opportunity to choose a book to read at home; this can be a book that they can read by themselves or one they wish to share with an adult at home.

Street Detectives

We are looking forward to starting our new Creative topic, Street Detectives. We will explore Wonderful Wombourne and locate other places in the world. Are you ready to become Geographer?

- Describe and compare human and physical features seen in our local environment and other places in the world.
- Create a Wonderful Wombourne leaflet encouraging people to make changes to look after their locality.
- Explore different types of maps and use compasses to describe location and routes on a map.
- Find out about the features of a city and designing their own city using these features.

PSHE - Me and my safety

- Understand the importance of and how to maintain personal hygiene.
- Name boy's and girl's body parts and describe the differences.

RE - Worship and Ceremonies

- Identify the importance for some people of belonging to a religion and recognise the difference this makes to their lives.

French

- Recognise and say greetings.

PE

- We will explore group games and discuss the importance of inventing rules.

Please aim to complete at least 2 pieces of homework each half term.

We love to see your homework and celebrate your hard work with the class.

Interview someone who has lived in your community for a long time, perhaps an elderly relative or neighbour that you know well. What changes have they seen? Write down the questions that you ask and the answers that they give you.

Visit your local museum with your grown ups. Create a booklet to share your experiences and show your friends at school.

Draw and label a design for your own fantasy home. What will your home be built from? What will you have in your garden? Make a model of your fantasy house using junk materials.

Look in detail at the outside of your own house and make a careful observational drawing.

Make your own 'for sale' advert, describing what makes your home a good place to live.

Arrange with your family to do something to improve the local community. This could be litter picking, helping a neighbour with some shopping or volunteering at a local charitable organisation.

Visit a local shop with your grown up. Write a shopping list before you go. Pay for your shopping and work out your change.
