## Election of Parent Governor

A vacancy exists on our school's governing body for a parent governor from September 2022 - an interest or knowledge of HR would be beneficial but not essential. Anyone interested in being invited to stand for election can find further information detailed in the letter sent via Weduc on Thursday 12th May.

## Calling all budding computer programmers!

We have recently purchased a new computer-programming package called iLearn2 Primary Computing for Key Stage 2 pupils.

The resource is available to access at home for free and can help guide pupils in the world of computer programming. It's great fun and a great gateway for children to understand coding through simple, step by step video tutorials.

To access this resource, children will need to use the following link: <https://www.ilearn2.co.uk/signin-html/> and type in the Pupil Code from the table below.

**Year 3 19QA**      **Year 4 SRW6**  
**Year 5 SFX4**      **Year 6 VMQ2**

They will also need to open 'Scratch', which is a free coding website for children for use alongside the video guides. See the link below:

Westfield footballers played their first away match on 19th May against Blakely Heath. It was an exciting game from start to finish and very evenly matched. Unfortunately, we conceded a goal in the first half, and despite everyone's hard work and efforts to get it back, we lost 1-0. Well done to everyone who played!

We would also like to say huge congratulations to our Westfield cricket team on their performance and conduct and also to say a big well done to the first team who have made it through to the cricket final at Brewood CC on Wednesday 8th June
